

Accura Calibration

The Facts Are Simple. What Matters to You, Matters to Us.

Get a quality calibration at an attractive price with the right level of customer service.

Quality - The #1 Priority

Always concerned with quality, our owner is a former United States Military Technician with over 35 years of expertise. He operates with integrity, always giving his customers an honest calibration paired with equitable treatment. You can expect to be treated with good business common sense with us.

Attractive Price

Our prices reflect our commitment to providing affordable, quality calibration to our local & national clients.

Right Level of Customer Service

We take any extra steps needed to ensure your end users get the best calibration service. This means cleaning the monitors, dusting the equipment out, and fixing any minor problems that could result in major problems later. We also make personal phone calls to see first-hand if we are doing a good job for you.

ELECTRICAL / ELECTRONIC CAPABILITIES

We are an ISO 9001:2000 Certified Company

● ELECTRICAL STANDARDS – Digital or Analog

- | | | | |
|-----------------------------|------------------------|---------------------------|-------------------|
| ▶ Multimeters | ▶ LCR Meters | ▶ Standard Capacitors | ▶ Ohmmeters |
| ▶ Multifunction Calibrators | ▶ Chart Recorders | ▶ Standard Inductors | ▶ Wattmeters |
| ▶ Frequency Synthesizers | ▶ Signal Generators | ▶ Electronic Calibrators | ▶ Ammeters |
| ▶ Frequency Oscillators | ▶ Function Generators | ▶ Decade Resistance Boxes | ▶ Voltmeters |
| ▶ Sweep Generators | ▶ Pulse Generators | ▶ Hipot | ▶ Electronic Load |
| ▶ Oscilloscopes | ▶ Distortion Analyzers | ▶ Modulation Analyzers | ▶ Audio Analyzers |

● COMMUNICATIONS

- | | | | |
|----------------------------|----------------------------|----------------------------|----------------------|
| ▶ Bit Error Rate Detectors | ▶ Service Monitors | ▶ SONET Test Sets | ▶ Pattern Generators |
| ▶ Cell Site Test Sets | ▶ Cellular Radio Interface | ▶ Vector Signal Generators | ▶ Analyzers |

● RF / MICROWAVE TEST EQUIPMENT & COAXIAL

- | | | |
|----------------------|-----------------------------------|-----------------------------|
| ▶ Network Analyzers | ▶ Synthesized / Signal Generators | ▶ Power Meters & Sensors |
| ▶ Spectrum Analyzers | ▶ Logic Analyzer | ▶ Distortion & Noise Meters |
| ▶ Sweepers | ▶ Attenuators | ▶ S-Parameter Test Set |

● HIGH VOLTAGE

- | | | |
|----------|-----------------------|------------------|
| ▶ Hipots | ▶ High Voltage Meters | ▶ Power Supplies |
|----------|-----------------------|------------------|

● TEMPERATURE / HUMIDITY – Dial or Digital

- | | | |
|-----------------|--------------------|---------------|
| ▶ Calibrators | ▶ Infrared Sensors | ▶ Controllers |
| ▶ Thermometers | ▶ Chart Recorder | ▶ Indicators |
| ▶ Thermocouples | ▶ Data Logger | ▶ RH Meter |

● PRESSURE CALIBRATION

- | | | |
|--------------------------|------------------------|-------------------------|
| ▶ Pressure Meter & Gages | ▶ Pressure Transducers | ▶ Pressure Transmitters |
|--------------------------|------------------------|-------------------------|

● TYPICAL MANUFACTURERS

- | | | | |
|-----------------------------|----------------------|-------------------|------------|
| ▶ Agilent / Hewlett Packard | ▶ Wavetek/Datron | ▶ B & K Precision | ▶ Mitutoyo |
| ▶ Anritsu | ▶ Boonton | ▶ Omega | ▶ Starrett |
| ▶ Fluke | ▶ General Radio | ▶ Keithley | ▶ Extech |
| ▶ Tektronix | ▶ Electro Scientific | ▶ Lambda | |

Let Us Take Your Calibration From Good To Great! Call Us Now at 214-223-2503, or Visit www.AccuraCal.com.
